# U. S. TROOPS REACH GERMAN BORDER

## ALL CLASS ONE MEN IN STATE ARE CALLED

Returns From States Reporting On Registration Give 83 Per Cent Bigger Figure Than Was Anticipated

NOW FOR UNIFORMS! CROWDER RUSH ORDER

Sending of First Questionnaires to Be Speeded Up for Quick Inductions; Last of Baby Drafts 157,983 Men

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

SACRAMENTO, Sept. 13.—A call for 2376 Class One California draft registrants was received today by Governor William D. Stephens from Provost Marshal General E. H. Crowder. They were ordered to entrain in the five-day period beginning October 7.

Four hundred are to be sent to Camp Lewis, near Tacoma, Washington, and 1976 to Camp Kearny, near San Diego, Calif.

Only white men are included in the call.

The call will take every Class One man in California who is qualified for general military service, according to Major Frank S. Hutton of the adjutant general's staff. Future calls for Class One men will be supplemented by those of those who registered yesterday, he said.

WASHINGTON, Sept. 13.—The provost marshal-general's office announced today that man-power registration in the country at large exceeds estimates by 8 1/2 per cent. These figures are borne out, it would make the total registration about 14,000,000.

The first group of states to present partial or complete totals all showed well over expectations. Registration on August 24 of men who had reached 21 years since June 5 last added 157,983 men to the nation's man-power enrollment, the provost marshal-general announced. This was just forty-eight less than the advanced estimate of 158,031.

The first returns on yesterday's registration were from the states of Minnesota, Oregon, Rhode Island, Vermont and Wisconsin. These all showed an average of 6 per cent heavier registration than had been estimated and the belief was expressed that a record equally as great had been maintained in other states and that the total would exceed 14,000,000.

"It is a superb demonstration of the will of the American people," was the elated comment of Provost Marshal General Crowder to his military associates upon the magnificent response of the nation's citizenship to the call for military registration.

FOUR MILLION ARMY TO BE RUSHED OVER

Telegraphic advices received from all sections of the country were so completely reassuring that by the time the registration was closed, General Crowder and his aides were confident that General March will have his army of 4,000,000, with a safe reserve, in stipulated time.

"Now get these men in uniform!" It was announced that the order would go to the local boards, probably on Saturday of this week, sending out questionnaires to registrants of 19 to 20 and 21 to 26 years old and that the actual drawing of numbers would take place here within seven or eight days.

Local boards were advised to stamp the serial number on the cards the first thing this morning. They were told to then arrange the cards according to ages, so as to be in readiness to classify all registrants to be included in the first call. The questionnaires are now in the hands of the boards in every part of the country and officials fully expect that the work of mailing them may be begun on Saturday.

It was further explained that there is nothing to prevent the drawing of numbers taking place probably the latter part of next week. Practically the only information required by the provost marshal's office for this purpose is the highest number of registrants of any of the local boards in the country.

It was pointed out that the burden of the labor from now on will fall chiefly upon the local boards. They retain possession of all the registration cards and have already been provided with the necessary forms and the provost marshal's office says they are all ready to proceed upon receipt of the word from Washington.

## STRIKERS TOLD BY WILSON TO RESUME WORK OR BE BARRED

President Informs Machinists They Must Abide by Wage Award; to Be Shut Out of War Plants, Draft Subjects

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

WASHINGTON, Sept. 13.—Striking machinists in Conn. have been notified by President Wilson, that unless they return to work and abide by the wage award of the war labor board they will be barred from employment for a year and draft boards will be instructed to reject any claim of exemption from military service based upon their alleged usefulness or war production.

The President's warning went today in a letter addressed to the machinists, replying to resolutions forwarded to him announcing the strike because of dissatisfaction over the war labor board's award and a later interpretation by an umpire.

The letter, addressed to the Bridgeport district lodge of the International Association of Machinists and other striking workmen of Bridgeport, Conn., is as follows:

"Gentlemen: I am in receipt of your resolutions of September 6, which you have begun a strike against your employer in Bridgeport, Conn. You are members of the Bridgeport branches of the International Union of Machinists and such with the approval of the national officers of your union you signed an agreement to submit the questions as to the terms of your employment to the National War Labor Board and to abide by the award which, in accordance with the rules of procedure approved by me might be made.

AWARD ACCEPTED BY NINETY PER CENT

"The members of the board were not able to reach a unanimous conclusion on all the issues presented and, as provided in its constitution, the questions upon which they did not agree were carried before an arbitrator, the unanimous choice of the members of the board.

"The arbitrator thus chosen has made an award which more than 90 per cent of the workers affected accepted.

"You who constitute less than 10 per cent refuse to abide by the award, although you are the best paid of the whole body of workers affected and are therefore least entitled to press a further increase of wages because of the high cost of living. But whatever the merits of the issue, it is closed by the award. Your strike against it is a breach of the agreement which you signed and is a reflection on the sincerity of national officers of the National War Labor Board.

"If such disregard of the solemn adjudication of a tribunal to which both parties submitted their claims has become mere scraps of paper, if errors creep into awards the proper remedy is submission to the award, and not a strike and rebelling to the tribunal. But to strike against the award is disloyalty and dishonor.

IF TAKEN OVER: MEDIATION REFUSED

"The Smith & Wesson Company of Springfield, engaged in government work, has refused to accept the mediation of the National War Labor Board and has flaunted its refusal of the decision approved by presidential proclamation. With my consent the war department has taken over the plant and business of the company to secure continuity in production and to prevent industrial disturbance.

"It is of the highest importance to secure compliance with reasonable rules and procedure for the settlement of industrial disputes. Having exercised a drastic remedy with recalcitrant employers, it is my duty to use means equally well adapted to deal with lawless and faithless employees.

"Therefore, I desire that you return to work and abide by the award. If you refuse, each one of you will be barred from employment in any war industry in the community in which the strike occurs for a period of one year. During that time the United States employment service will decline to obtain employment for you in any war industry elsewhere in the United States as well as the war and navy departments, the Shipping Board, the railroad administration and all government agencies and the heart of the world will be instructed to reject any claim of exemption from military service based on your alleged usefulness or war production.

"Sincerely yours,  
WOODROW WILSON."

True, Suggestions Will Avail Nothing

ROTTERDAM, Sept. 13.—"Our position is the most serious in German history," the Dutch minister of foreign affairs declared today. "We fight the world with only our own strength. Suggestions that we evacuate Belgium avail us nothing."

Prussian Chamber Dissolution Demanded

ZURICH, Sept. 13.—Immediate dissolution of the Prussian chamber has been demanded in a resolution adopted by Socialists, according to despatches received here today from Breslau.

## BRITISH WIN HUNS' KEYS IN SMASHES ON CAMBRAI

Germans Are Driven From Woods Before St. Quentin; Haig's Men Advance Further; Repel Counter Blows

HINDENBURG LINE IS PIERCED 1000 YARDS

On Flanders Front the Lys Salient Is Extended Near Armentieres; Pont d'Nieppe Near Belgian Border Falls

BULLETIN.

LONDON, Sept. 13.—British troops on the Flanders front have captured Pont d'Nieppe, near the Belgian border, according to information from the battlefield this afternoon. This advance was carried out on the northern wing of the Lys salient, northwest of Armentieres.

LONDON, Sept. 13.—The Germans have been driven from Holnon wood, before St. Quentin, Field Marshal Haig announced today.

Yesterday the English gained possession of Holnon wood, driving the enemy from localities which offered resistance," the statement said. "Further north our line was advanced to that of Jeancourt, which is in our hands."

"In the evening strong hostile forces, assisted by a squadron of low-flying German airplanes, attacked our new positions at Havrincourt. They were repulsed with great loss.

"Opposite Moeuvres (Cambrai) front) hostile infantry assembled for a counter-attack, was observed and subjected to a heavy and accurate artillery fire. The attack which developed subsequently was completely unsuccessful, the few Germans who reached our lines being killed or taken prisoner.

"Progress was made by our troops during the night west of Auchy-Lez-Laubeuse (south of Laubeuse in Flanders)."

By LOWELL MELLETT, United Press Staff Correspondent.

WITH THE BRITISH ARMIES IN FRANCE, Sept. 13.—An electric thrill ran the length of the British front at the news that the Americans had attacked on a big scale at the other end of the big line. The word came from the front lines and by wire from the back areas to the first line trenches.

"Good for the Yanks," said many a Tommy and many an officer. Regardless of the fact that there was no information as to the success of the attack, all seemed to assume that the battle was going well.

In the region before Cambrai, the Yorkshire troops, New Zealanders and others have pushed through four thousand yards of the Hindenburg line. With rain pouring down, shelling and the roar of the guns and lightning vying with the flashes of batteries, the British swarmed out from the edge of shattered Havrincourt wood, and despite the rain, reached the enemy on the chalky, muddy slopes, they overran the first trenches of the Hindenburg line, and pressed on early with a large part of the population.

Germans in force continue to offer resistance about Gouzeaucourt, throwing back the New Zealanders' advance south of Dead Man's Corner. In this counter-attack, the enemy exposed themselves to heavy casualties.

Under a hurricane bombardment by trench mortars and supported by the heaviest machine guns, the Germans attacked a post near Verdun today. The British garrison is reported holding out.

LONDON, Sept. 13.—Numerous fugitives from the city of Lille are reported by Belgian newspapers to be arriving at Malmes and Antwerp, according to a despatch from Amsterdam to the Central News Agency. Apparently Lille is being evacuated by the Germans.

BERLIN, via London, Sept. 13.—"We are now standing on our lines, which have been prepared," says the official statement reporting military operations on the western front issued today by the German general staff.

Japanese Take Russ Town and Hun Officers

By INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE.

OKO, Sept. 13.—The Japanese in eastern Russia, has been captured by Japanese cavalry, it was officially announced today. Among the 150 prisoners taken from the Bolsheviks were German officers.

One hundred and twenty guns and seventeen river boats as well as much material were seized by the Japanese forces.

The Bolshevik forces are retreating in the Blagovest Cherkis district.

COPENHAGEN, Sept. 13.—General Brusiloff, former commander-in-chief of the Russian armies, has been killed at Moscow, near the prison, according to despatches reaching here today from Kiev.

LONDON, Sept. 13.—Russian peasants who revolted against the Bolshevik government a few days ago are reported to have entered Petrograd and to have been joined by a large part of the population, says a despatch from Copenhagen to the Central News Agency.

Severe fighting is proceeding in the city and fires have broken out in some places.

STOCKHOLM, Sept. 13.—Russian White Guards have found an unexpected ally in the Avana district of the Russian province of Nishni-Novgorod, according to a despatch from Moscow.

Six officials in that province have united against the Russian Soviet government.

## Berlin Officially Admits Magnitude of American Achievement During Two-Day Drive in Eastern France

### AIR MASTERED BY AMERICANS; IRON REGION OF METZ OBJECTIVE

Excellent Work of U. S. Flyers Makes Casualty Toll Very Light; Cavalry Movement Is Significant, Say Officials

WASHINGTON, Sept. 13.—American aviators have gained the supremacy in the air in the fighting between the Meuse and Moselle which is still proceeding. Flying in mixed machines—Americans, British and French—these men, nearly all of them products of American training fields, gave remarkable aid to the American artillery. It was due entirely to their work that the American artillery was able to silence the big guns of the Germans, while their work in spotting the targets of machine guns enabled American artillery to wipe them out, thus keeping the American casualty list down to a remarkable small figure.

Members of the House military affairs committee learned of this fact on their visit to the offices of the chief of staff today. Although General Marshall declined to reveal them, his aides explained the situation and they carried away from the conference a feeling that the American air service is about to achieve a major triumph in the great American war machine which is the pride of the allied nations.

The members were told the general situation was progressing satisfactorily. "Naturally," objectives were not explained. They insisted that when all the details can be made public the American people will have just cause for pride in the achievement of their army in its first major operation.

The casual reference to the fact that the American cavalry is reported to be operating on the road north of the Bois Communaux was declared by army experts to be most illuminating. It indicates, they said, that the cavalry has been used with such swiftness that they have overrun the first and second German defense lines, and that the fighting now is in the open, with cavalry being used to maintain the momentum.

The iron region around Metz is the objective of the American drive, according to the Impression House military committee members say they gained from the conference.

They said they were shown maps outlining the general progress and direction of the United States thrust, but were not informed of any fresh military developments. They said Metz appeared about twenty miles from the American lines.

Committee members said afterward their recollection of airplane figures was that this country now has thirty-three distinctly American air squadrons operating on the front.

RAIN SLOWS RETREAT OF Foe From MEUSE LINE

Additional Prisoners Continue to Filter Into the American Lines As Advance Continues On Meuse and Moselle

TEN THOUSAND ARE NOW IN U. S. CAMP

General Pershing and Secretary of War Baker Occupy Observation Post As Bombardment Megins Offensive

By UNITED PRESS. LEASED WIRE TO TRIBUNE.

LONDON, Sept. 13 (7 p. m.) — The Americans have completely flattened out the St. Mihiel salient, according to battle front despatches here tonight.

Twelve thousand prisoners have been taken so far.

The American victory has opened the railways from Verdun to Commercy, Nancy and Toul, according to information here tonight.

WITH THE AMERICANS ON THE METZ FRONT, Sept. 13.—The American advance is continuing today on both sides of the St. Mihiel salient, between the Meuse and Moselle.

Additional prisoners are constantly being reported. Rain is falling at intervals. The Germans are having great difficulty in removing their wounded from the salient, because of bad roads.

Among prisoners captured by the Americans was the German count, Eschwege. The American doughboys found him with his orders, their baggage unpacked, waiting to be captured.

Among prisoners taken by the French were 250 Austrians.

All the American first objectives have been reached on schedule time. French troops fighting with the Americans in the offensive southeast of Verdun have captured Mont Sec.

(The high ground in the Mont Sec region is the key to the German front on that sector.)

Just east of the Meuse river the Americans first objectives were reached before noon yesterday, including numerous villages. The troops reached Thiaucourt, three German companies surrendering in that district.

The Germans rushed up reinforcements and 2000 men were seen leaving motor trucks at Damvillaux.

(The news captured by the Americans and French shows that the allied force advanced from five to six miles.)

A whole battery of six-inch German guns in a charge.

Just east of the Moselle river the Americans made good progress in Cheminot wood.

Southwest of Lo Eperages the French captured Combes and St. Remi.

The Mont Sec district was found to be seamed with the fire of the Americans' big guns. It was pitted with shell holes and the Germans there had evidently been having a bad time of it when the American artilleryists were busy.

Away out in advanced observation post General Pershing, commander-in-chief of the American army, and Newton D. Baker, the American secretary of war, watched the Americans smash their way to victory.

## ENEMY DIVISIONS IN ALLIED TRAP FACE CAPTURE OR DEATH

### BULLETIN: (By Associated Press)

LONDON, Sept. 13.—7 p. m. (By the Associated Press)—All the villages in the St. Mihiel salient were captured by the Americans, and the front in this sector was reduced from some 40 miles to a little under 20 miles.

The latest news from the St. Mihiel sector shows that the battle line now runs directly from Pagny on the Moselle river to Hattonville and along the front of the heights of the Meuse.

(Pagny, a town on the Moselle river, is on the western border of Germany.)

(By International News Service)

LONDON, Sept. 13, 4:35 p. m.—Official admission was made by the German war office in Berlin today that the Germans have evacuated St. Mihiel salient, where the Americans began their great offensive yesterday.

This emphasized the magnitude of the American victory south-east of Verdun.

The German war office said that the Germans on the St. Mihiel front have fallen back to "new prepared lines."

The Germans fronting the Americans on the Lorraine front have evidently fallen back over a wide front.

While admitting the retirement the German war office claimed that the movement had been carried out "without enemy interference."

Two German divisions are trapped in the narrowing angle between the Meuse and Moselle rivers and are menaced with annihilation or capture.

In the first day of their great drive the Americans advanced to a maximum depth of ten miles.

The number of prisoners is estimated at 9500.

(General Pershing put the number in his despatch late yesterday at 8000).

Sixty guns were taken.

The Americans are making progress so rapidly that the situation is changing momentarily. They are reported to have captured Vigneulles (in the center of the salient, seven miles northwest of St. Baussant, where the offensive hit the German line) and Beney (4 1/2 miles north and slightly east of St. Baussant).

The town of Zencidourt is also reported to have fallen.

By NEWTON G. PARKIE, International News Service Staff Correspondent.

WITH THE AMERICAN ARMY ON THE LORRAINE FRONT, Sept. 12, 10 p. m.—St. Mihiel, on the Moselle river, is reported to have been captured by the Americans and French.

(St. Mihiel is the only point that the Germans got across the Meuse before they were driven into France in the district south of Verdun.)

According to latest information, the line now runs through Herbeville to

## U. S. TROOPS RACE AHEAD TO SNATCH OBJECTIVES

### Paris Censor Hides Names of Cities Into Which Americans Have Penetrated, But Reduction of Salient Sure

SOLE COUNTER-ATTACK IS EASILY DEFEATED

Prisoners Who Continue Filtering in Testify to Deadliness and Accuracy of Fire in Preparation for Assault

PARIS, Sept. 13, 1:05 p. m. (By Associated Press).—The St. Mihiel salient, it is understood, has been reduced. The censor will not permit the publication of the names of the towns and villages forming the present American line in the St. Mihiel sector.

WITH THE AMERICAN FORCES IN LORRAINE, Sept. 13, 1:30 p. m. (By the Associated Press).—Reports at this hour from the front indicate that the Americans are making progress according to schedule. No unexpected developments are occurring, but there has been no time to check them up. The battle so far has been wholly normal.

The Americans pushed ahead all along the front except at one point, where they had expected the Germans to make one counter-attack in an attempt to stem the on-rushing tide of Americans.

The Germans, however, begged their protective barrage too early. They gave the Americans warning of what was coming, and General Pershing's men were completely prepared for the counter-attack when it started.

General Pershing's troops continued their steady advance against the night. They reached and even passed the objectives set for them. Prisoners continue to pour in. They unanimously testify to the accuracy and deadliness of the American preparatory artillery fire.

Observers had so completely located the principal German troops in advance that the enemy troops could only take to their dugouts and await the end of the bombardment.

## I am Sincere! Stop Calomel!

### I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Live up your sluggish liver! Feel fine and cheerful, make your work a pleasure, be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone to-night. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not sicken. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Advertisement.

### Air Student and Instructor Killed

FORT WORTH, Tex., Sept. 13.—Lieutenant C. R. James of Chicago, Ill., was instantly killed and an enlisted man named Lantz was fatally injured here today when their airplane crashed to earth in a spin.

Lantz died shortly after the accident.

**SUES FOR INJURIES.**  
On account of injuries alleged to have been received when he was struck by the defendant's automobile in East Fourteenth street, June 30 of this year, Ernest K. Pirogo filed suit today against Charles Rock for \$27,715.

## STATE ABOVE ESTIMATE BY 200,000 MEN

California has registered 200,000 men more than Provost Marshal General Enoch J. Crowder estimated, according to partial returns received today from all parts of the state for yesterday's registration figures. Oakland, it is estimated, will return more than 30,000 men to reach a total, district No. 4, showed 33,419 men. This is one of the smallest districts in the city and district No. 1 is considerably over that of the 21 to 31 registration. Other draft boards were unable to reach totals today, the cards being too many for the clerks to handle, and it may not be before tomorrow night that all the totals are known. In many cases the registration cards have not even been segregated.

**S. F. TOTAL OVER 84,000.**  
San Francisco's total to date, and this is a partial total, is over 84,000. Adjutant General J. J. Borro's estimate for San Francisco was 76,000. Throughout the northern part of the state increases over estimated registration are reported. Shasta county reports that it has exceeded registration estimate by 200. Santa Cruz, with 80 per cent of her returns in, also reports having gone over the estimate.

**BIG SHOWING HERE.**  
Oakland's registration is exceptionally large according to the draft boards. In each of the cities are confronted with a far heavier task than was anticipated and no attempt will be made to issue totals today. It was announced, as the count will not be over until late tonight. In addition, many registrations from other cities are pouring into boards by mail, being the cards of citizens away from town yesterday, who registered at other draft boards in the state. One card reached draft board No. 4 today from Opa, the man listed having registered there in advance and forwarded his card.

The work of sending out questionnaires will start tomorrow. The blanks arrived today and each board as soon as segregated the new registrants will receive their booklets. These must be filled out within five days, when the work of classification will commence.

**BERKELEY OVER ESTIMATE.**  
BERKELEY, Sept. 13.—Running almost a thousand over the estimate, Berkeley's registration of her manpower yesterday gave the nation a total of 6632 prospective soldiers between the ages of 18 and 45 subject to call to the colors.

Estimates from Sacramento placed Berkeley's quota at 5701, of which 3021 were apportioned to District Board No. 2, and to regional board No. 1. The latter district, however, ran far over estimates by registering 3262 persons. A total of 3270 persons was registered by Board No. 2.

**JAPANESE REGISTER.**  
A total of 272 Japanese registered in Berkeley yesterday at special headquarters maintained on Haste street, where interpreters facilitated the work of registrars. An eagerness to respond to the government's call marked registration in all parts of the city, according to officials in charge of the work. In many instances men were lined up twenty and thirty deep waiting in the rain for an opportunity to fill their cards. Both executive boards were awamped with volunteers eager to serve at the twenty registration places, and work was thus facilitated by changing the shifts of workers.

Both exemption boards completed their tally of registrants last evening. Reports were turned in promptly by the chief registrars in each district, and the segregation of registrants was begun shortly after 9 o'clock. Exempted Board No. 1 concluded its official tally at 9:30 o'clock last evening. Thanks were today extended to all volunteer helpers by Chairman Louis Bartlett of Board No. 1 and Chairman R. H. Hussey of Board No. 2.

Following is the official record of registration in District No. 1 with the registrants segregated according to citizenship and age:

Natural born, 2462; naturalized citizens, 47; citizens by fathers' naturalization, 90; declarant aliens, 241; non-declarant aliens, 508. Ages: 18 years, 190; 19, 199; 20, 160; 21, 31; 22, 139; 23, 232; 24, 231; 25, 201; 26, 222; 27, 210; 28, 238; 29, 166; 30, 206; 31, 174; 32, 197; 33, 184; 34, 180; 35, 170.

**ALAMEDA 4000. ESTIMATE.**  
ALAMEDA, Sept. 13.—With the final totals still incomplete this morning because of some outlying precincts withholding their returns this today, Alameda's registration yesterday finished 4,000 or over when the work was finally finished. When the draft board quit work last night the total was just 3,000, with five registration places to their left. The demoralization of telephone service by the storm, and the

## Water in Future Is Big Problem Development of Supply Sources Needs of Communities, Industries

By HARRY D. SULLY.

The present critical condition of the water supply situation brings before the Eastbay community, the water company and the State Railroad Commission these vital questions:

What provision is now being made to take care of future needs of these fast growing communities and of the industries springing up along the continental shore of San Francisco bay?

How far can the sources of supply being developed or projected be relied upon to safeguard the future?

The rainfall of the past two days, while it has brought relief to lawns and gardens, has not as yet, and will not for several days to come, become effective in increasing the supply of the water company, even if the rain continues. Virtually no run-off will be available until five or six inches of rain have fallen, and the first of this will be useful at Chabot and for the purpose of sluicing the mud out of the bottom of the lake. It will be many days before the water, in a usable condition, rises to the level of the old intake.

**DEPEND ON GROUND WATER.**  
The entire Eastbay community is today dependent upon ground water supplies, some of which will admittedly be depleted should the present draft upon these sources be continued.

This community has entered upon a period of growth which promises to continue at an ever accelerating pace. Population has been increasing in the past year by leaps and bounds. The war industries of this district, mainly shipbuilding, will continue after the war, and the industries of peace, upbuilding the great American merchant marine protected by the government.

Alameda has been selected as the site of the great Pacific coast naval base, an undertaking involving the expenditure here of something more than \$36,000,000, and the employment of a small army of workmen. The reasons given by the Helms commission for the selection of Alameda for this Pacific base were published throughout America, and were, in effect, a statement that this was the finest site, due to climate, nearness to rail and ship, industrial population and other factors, in the United States for industrial and manufacturing purposes.

**FACTOR FOR FUTURE.**  
One of the factors was the availability of good water in sufficient quantities to provide for future industrial uses and for the population upon which industrialists must depend. A statement that this water depends absolutely upon this factor, and a careful consideration of the facts as they exist today must be had if the future of this district is to be guarded by intelligent action in the present.

The outlook for the future can be understood only if the situation over a period of years, and not that of temporary emergency or temporary relief, is considered.

To an understanding of the situation it is necessary to go back at least as far as 1907. That was the year following the San Francisco earthquake and fire and the year of the influx of population from the Eastbay cities. The water company officials foresaw a greater future if

storm itself acting as a deterrent in the delivery of returns, caused a delay in securing the actual figures. The registration will probably grow steadily for a week through the return of belated Alameda and the receipt of cards in the mail.

The draft board met at ten o'clock this morning to start the next step, which includes making up a list of 4,000 cards, compiling a total to be reported to the military authorities, making typewritten lists, preparing an index of the names and getting ready to send out the questionnaires.

There will be a lot of segregation work, separating the classes to be called first from the general mass of registrants. Speed is a prime requisite, as the provost marshal general wants men at once for the filling of October calls and many of the draft boards are still short on September calls.

Just when the sending out of questionnaires will start will be determined largely by the amount of volunteer help which offers for the big job yet before the board. Alameda is doing splendidly in the way of volunteering assistance and much more help will likely still be available.

work" recurrence of dry and wet cycles worked out to the letter.

Then there are the projected developments of the Upper San Leandro, Cull, Crow, Bollinger and Las Trampas creeks, and Pinole. They are estimated to offer another ten years, making 18 or 19 years of safety in all, if all calculations and predictions work out as scheduled. That is said to be the limit of safety which, of course, such as those which brought the present emergency, may bring closer than is estimated by the company at the present time to return to Russia," Bond added.

### Japan Is Refuge for Rich Russians

A PACIFIC PORT, Sept. 13.—Japan has become a place of refuge for wealthy Russians driven from their own country by the revolutionary disorders raging there, according to Whitehall, American vice-consul at Harbin, who is here today en route to Washington.

**Oil Famine Looms, Magnate's Warning**  
WASHINGTON, Sept. 13.—Reserve stocks of crude oil in the United States are being depleted at the rate of 60,000 barrels a day, Judge Henry Covington, representing oil interests, told the Senate finance committee this afternoon.

"There is a very substantial shortage of crude oil," he said. "Oil production is not keeping pace with consumption. The only reason the oil interests have been able to supply what they have was the existence of a vast reserve."

## County Hospital's Officials Changed

SAN JOSE, Sept. 13.—The report for the county hospital, just submitted to the board of supervisors, shows that 1780 patients have been attended at the

institution during the last year. Dr. Percy R. Wilson, the superintendent, has been granted a year's leave of absence and is now a first lieutenant, serving at the Letterman General Hospital in San Francisco. In the meantime, Dr. W. S. Van Dusen is acting superintendent.

## The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying power are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*

(ESTABLISHED 1896)

## Why Do They Come Back for More?

It's a source of great pleasure to me to meet old patients who swear by the Anderson Dependable dental organization.

My records show thousands of good people who keep coming back for new work because the first, second and third work done for them was so superb. This is what has made the Anderson Dependable dental organization the strongest dental organization in the United States.

I couldn't afford to let an inexperienced dentist work in one of my offices. I couldn't afford to buy a piece of material that wasn't the best, because if I ever did, I know as sure as you are reading this, it would be the beginning of my end. No, sir!—nothing but the best money can hire and buy goes in my organization. All work guaranteed.

For twenty-two years I have been giving the people of California the best dentistry and at prices one-half what most dentists charge.

## 36 EASTBAY LADS BECOME LIEUTENANTS

The names of thirty-six Eastbay men were announced today as having been commissioned second lieutenants of Infantry at Camp Fremont. They are: Asher C. Baker Jr., Berkeley; Franklin V. Bangs, 113 Ninth street, Oakland; Ernest M. Bernstein, 221 Twenty-first street, Oakland; Donald J. Dimond, Hayward; Thomas S. Dinsmore, 27 Highlands avenue, Piedmont; Oscar J. Garlick, 2240 Ward street, Berkeley; John B. Gaston, 1517 Fridge street, Berkeley; James Goodwin, 1131 Wood street, Berkeley; Peter G. Gould, 1613 Pearl street, Alameda; George H. Griffin, 1224 Chestnut street, Alameda; Albin J. Howell, Peralta apartments, Oakland; Walter D. Hubbard, 2329 McGee street, Berkeley; Server T. Kaar, 2531 Chilton way, Berkeley; Herbert Kraft, 2601 Telegraph avenue, Oakland; Thomas H. Larko, 2439 Woolsey street, Berkeley; Jean R. Maxwell, 839 Ninth street, Oakland; Frank E. McCorkle, 1728 Arch street, Berkeley; George H. Meyer, 1111 Regent street, Berkeley; John H. Miller, 2337 Benveny avenue, Berkeley; Milton P. Morgan, 920 East Seventeenth street, Oakland; Otto C. Nissen, Livermore; Bertram J. Nixson, 2732 Forest avenue, Berkeley; Allan P. Rose, 1929 Eighty-first avenue, Oakland; Karl H. Schilling, 2316 LeConte avenue, Berkeley; Edwin S. Schloss, Hotel Oakland, Oakland; Randolph S. Slizer, 2734 Russell street, Berkeley; Andrew L. Smith, 2205 Seventh avenue, Oakland; Preston E. Snook, 854 Thirty-fourth street, Oakland; Gustav H. Springfield, 744 The Alameda, Berkeley; Clarence J. Tauter, 1435 First avenue, Oakland; Fred A. Thomas Jr., 2019 Pacific avenue, Alameda; Frederick W. Yellmer, 1183 Regent street, Alameda; John C. Wilson, 1837 San Jose avenue, Alameda; and William S. Wilson, Caldwell apartments, Oakland.

## BELGIAN FETE IS POSTPONED WEEK

The annual Belgian fete, which for weeks society has looked forward to and which was to have been staged tomorrow afternoon in the gardens of the Duncan McDuffie home in Claremont, has been postponed until Saturday, September 21, because of the inclement weather. The affair, which is to be a fete, is always one of the most festive occasions of the year, and is participated in by several hundred of the elite of the Eastbay cities.

It may be recalled under the auspices of the Oakland-Piedmont chapter, California Commission for Relief in Belgium and France. Miss Marlon Ransom is chairman of the local chapter and directing the fete is Mrs. George C. Jensen. It will be given on even a more elaborate plant, with the extension of time. Nearly 2000 tickets have been sold. Mrs. Walton Woodward Moore directing the sale, or they may be purchased at the Red Cross shop, 649 Thirteenth street.

## Boy Warriors Get Arsenal and Flee

Efforts to locate two 15-year-old boys, who, armed with rifles and 5000 rounds of ammunition, have disappeared from their homes, are being made by the police of the Eastbay cities today. According to the reports received by the police, the boys, one of whom is said to be Edward Hance of 714 Seventeenth street, entered the Land Show and carried away the rifles and the ammunition. The identity of Hance's companion has not been definitely learned by the police.

## Sigma Chi Alumni to Dine Army Men

The Sigma Chi Fraternity Alumni will give a dinner to the members of the fraternity in the army and navy at the Palace Hotel, San Francisco, tomorrow evening from 5:30 to 8 p. m. There are about fifty members of the fraternity in the students' army training camp at the Presidio, and an equal number at Camp Fremont, Fort Scott, Goat Island and Mare Island. Stephen T. Mather, director of the Bureau of National Parks, and one of the charter members of the Sigma Chi chapter at the University of California, will be a guest at the dinner. Mather has just returned from Yosemite National Park, where he had charge of the dedication of the new Government power-plant that will furnish power for the entire valley.

The officers of the Sigma Chi Alumni Association are: C. W. Whitney, president, 2550 Keith ave., Berkeley; W. G. Vincent Jr., treasurer, San Francisco.

## Thank Tribune for September 9 News

Editor TRIBUNE—The general committee in charge of the Admission Day celebration takes this opportunity to thank you for your splendid co-operation to help make the celebration the wonderful success it was. But for the whole-hearted publicity given by your columns to the celebration we feel it could not have been carried to a successful conclusion. The celebration was in many ways the most successful ever held in Oakland and demonstrates beyond all question that Oakland "knows how."

GENERAL COMMITTEE,  
Admission Day Celebration,  
(Signed) HARRY G. WILLIAMS,  
Chairman.

Also: F. W. Grimwood, secretary, Piedmont.

## Student Burned by Steam to Recover

Herbert Dickey, son of Architect C. W. Dickey, 132 Dracut street, Piedmont, who was severely scalded last night when a tube blew out at the Pacific Gas and Electric Works, First and Jefferson, is resting comfortably at home today. Although the scald is extensive, covering almost half of his body, the burns are not deep. His condition is serious, but the physicians expect his recovery.

Young Dickey, whose age is 19, is a student at Berkeley, and was working in the boiler room at the plant during his vacation.

## CATCH MANY FISH.

VALLEJO, Sept. 13.—Two marlinos who were fishing from the end of the long dyke that extends into Carquinez Straits from the south end of Mare Island navy yard hung up a record Wednesday when they took 144 striped bass from the water.

## Defenders' Club to Have Smokers' Nights

To provide the entertainment of some of the big crowds of Uncle Sam's fighting men, who are the constant guests of the Oakland Defenders' Club, Alexander Stewart, Secretary of the Oakland Branch of the War Camp Community Service, has announced smoker nights will be arranged. Every Saturday and Sunday the club averages 3500 guests, Stewart said this morning. "The majority of these men are looking forward with the greatest pleasure to the completion of the new ballroom; there are a few men, older men as a rule, who do not care for dancing, and as soon as the present small ballroom is given up in favor of the huge one the old one will be converted into a smoking room for the use of the businessmen who have enlisted in the service."

"The husbands of the workers at the Defenders' Club will be hosts at the first smoker and the Rotary Club at

## Woman Calls Out Firemen to Fix Gas

An investigation is being made by Fire Chief Elliot Whitehead into the circumstances of the turning in of a false fire alarm last evening, when the department was called out to make a dash over slippery streets, only to find upon arriving at its destination that Mrs. Maude Goldenburg, of 738 Eighteenth street, wanted the firemen to act as plumbers.

According to Chief Whitehead's report, Mrs. Goldenburg told the firemen that her gas supply was not working and she said the firemen would reach the house sooner than the plumbers.

the second. Other men's organizations will follow, in order that the business men of Oakland may become better acquainted with Uncle Sam's fighting business men."

## Form your own idea of our

# \$25 Suits Coats Dresses

Before you pay more for a suit not so good, see the many attractive models we are offering at \$25. Of course, we have more expensive suits; in fact, they run up to \$85, but because we believe the majority of women have decided to limit themselves to \$25 in war times we have scoured the eastern markets for suits to sell at that price. Yes, and coats and dresses, too. There are suits of serge, oxford, Burella cloth, poplin and needlecloth in all the smart new styles, both tailored and fancy. See them tomorrow.

Coats of plush, kersey, velours, tweed, broadcloth and fancy striped velveteen, full length and stylishly made, are here in abundance for \$25. The colors are navy, burgundy, taupe, brown, plum, reindeer, black and mixed effects. Some have collars of the material, others plush or kit coney fur. You'll be delighted with these coats. There are also hundreds of charming dresses to choose from at this price. Satin, jersey and serge, as well as several satin and Georgette combinations.

## Not-a-Seme silk stockings (guaranteed)

## Stork and Cupid Canning Plotters

Many a New Home will Have a Little Sunbeam to Brighten It.

Cupid and the stork are held up to vexation; they are rated as cunning plotters to herald the coming of the little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There is a most remarkable preparation, known as Mother's Friend, which has been used by women for over half a century before the arrival of the stork. This is a penetrating external application for the abdomen and breast. By daily use through the pregnancy months, strain and tension is relieved. The muscles are made elastic and pliable so that when the baby comes they expand with ease and the pain and danger at the crisis is naturally less.

Then, too, the storkes and torn and drawn with that usual wrenching strain, and many distresses, such as nervousness, nausea, heartburn and stretching pains, are among the discomforts and debilitating experiences women who have used Mother's Friend and say they have entirely escaped by the application of this time-honored remedy. Thousands of women have used Mother's Friend and know from experience that it is one of the greatest contributors to a happy motherhood.

Write to the Bradford Regulator Co., B-47, Lumber Bldg., Atlanta, Ga. for their "Motherhood Book." There is a wealth of information and comfort to be derived from reading this little book. It is plainly written just what every woman wants to know. Get a bottle of Mother's Friend from the drugstore today, and thus fortify yourself against pain and discomfort.—Advertisement.

## At the first sign of skin trouble apply Resinol

It improves a poor complexion and preserves a good one, so that you need no artificial means to enhance your attractiveness.

At the first sign of skin irritation, of a blotch or a pimple, itching or burning, apply Resinol Ointment, and see if it doesn't bring prompt relief. It contains harmless, soothing balsams, and is so nearly flesh colored that it may be used on exposed surfaces without attracting undue attention.

Your dealer sells it.

## CATARRH VANISHES

Here is One Treatment That All Sufferers Can Rely Upon.

If you want to drive catarrh and all its disgusting symptoms from your system in the shortest possible time, go to your druggist and ask for a Hyomel today.

Breathe the Hyomel and it will rid you of catarrh; it gives such quick relief that you can't wait for the first time you are astonished.

Hyomel is a pure pleasant antiseptic, which is breathing down the tubes over the inflamed membrane; it kills the catarrh germs, soothes the sore spots, and heals all inflammation.

Don't suffer another day with catarrh; the disease is dangerous and often ends in consumption. Start the Hyomel treatment today. No stomach dosing, no sprays or douches; just breathe the Hyomel as directed. Ask The Owl Drug Co.—Advertisement.

TONIGHT.

If your liver is sluggish and out of tone and you feel dull and are bilious and constipated, take two or three of Chamberlain's Tablets immediately after supper, and you are almost certain to feel all right on the following morning. For sale by Canned Bros., Drug Stores.—Advertisement.

## MANY ARRESTS ARE MADE BY MORAL SQUAD

In addition to the 721 arrests made in the bay district by federal operatives of the Department of Justice for violation of the Presidential proclamation known as the vice and booze ordinances of the United States penal code, and of which 80 per cent were made in San Francisco county, as reported in yesterday's TRIBUNE, the moral squad of the San Francisco police department has been kept busy. This squad is made up of five police officers in command, Lieutenant Charles Coff. It has been active in the enforcement of the vice abatement ordinances since its creation in February, 1917. Its record is as follows:

Total arrests of women and their male intimates number 1178, of which approximately 275 were included in the total federal arrests of 721 reported yesterday. Of the other 300 the majority, in fact almost all of them, were dealt with by the women's court, an innovation in San Francisco county, over which a different police judge presides each month, presiding there exclusively for the time.

According to the records available, 151 of these arrests were made in January, this year, by the moral squad, of which 80 were women. The number of arrests each month was somewhat less than the month before, gradually tapering down till in August this year the number of arrests made was 95, of whom 55 were women.

During the absence of Lieutenant Coff the past week, the squad, with only four active men, made the following arrests: September 5, three women; September 6, five women; September 7, one woman and one man. The record continued, noting twelve arrests each of violation of the vice ordinances the past four days.

Acting Lieutenant M. E. Gowell, now in charge of the moral squad, and his partner, George Chubbuck, have a total of 100 cases pending prosecution in the federal courts alone, and have accounted for nearly 150 in the police courts since the beginning of the year.

## Japanese Star Is Seen in New Film Offering

Modern Civilization and Its Problems Used for Big Hayakawa Story.

Calling to the attention of modern civilization an intricate society problem and its solution, Sessue Hayakawa has produced "His Birthright," a play of dramatic tenderness, which is being given at the American until Saturday night in addition to May Allison in "A Successful Adventure," an initial run American News Weekly, and an especial program by John Wharry Lewis and his orchestra.

Of decidedly Oriental flavor, yet granting for a solution of an Occidental situation, "His Birthright" has given the "brilliant Japanese screen star an excellent vehicle. His histrionic skillfulness in depicting characters which require that exactness of emotion, preciseness in manner and genius in interpretation has reached its high light in "His Birthright."

"As to the presenting of the picture as a picture it is perfect. It is a lure for artists, for those who are thrilled because of dramatic perfectness, and for those who enjoy a story of romance, where the Occident and the Orient flavors blend. There are scenes in the play most remarkable. They include Old Fuji, a sacred and snow-capped, a typical Japanese fishing village, colorful and picturesque; one of the famous traditional swords of Samurai, sacred to service of family honor; an example of jui jitsu, one of the eventful voyages of one of the Pacific liners."

## Jewish Soldiers to Have Kosher Food

NEW YORK, Sept. 13.—Plans to provide kosher food to visitors and soldiers in army camps have met with the approval of the military morale section of the War Department, according to an announcement by the Jewish Welfare Board. The men must not be encouraged, however, to refuse to live on the food provided for them in the army. The first kosher restaurant will be established immediately at Camp Upton, where the Jewish military population is larger than in any other camp.

## California Troops On Casualty List

Private Henry Antony of 670 Twentieth street, Richmond, is reported severely wounded in the latest casualty list. Other Californians whose names are in the list are: Died of wounds received in action, Peter Stoffel, Anaheim; died from accident and other causes, Robert C. Rice, Azusa; wounded severely, Eugene McAvoy, 27 Eleventh street, San Francisco; Emilio Aoymer, Santa Monica.

## SIGNAL CORPS PROVES VALIANT UNDER FIRE

George W. Colby, fifth field Battalion, Signal Corps, Company C, together with the men which comprise the company, have received from the commanding general, headquarters Third division (Regular) A. E. P., appreciation for valiant conduct under fire. In operations in which the division participated between July 14 and 31, the Signal Corps is given large credit for the checking of the enemy's offensive after which the Germans were active and attacked and pursued. In face of great danger from hostile machine guns and shell fire, Company C maintained at all hours of the day and night liaison.

During an engagement of the big drive Company C and the Infantry Signal Platoon kept the lines of communication which were continually being cut by shell fire in condition. To each member of the Fifth Signal Battalion copies of the official recognition signed by Colonel Robert H. C. Kelton, chief of staff, by the command of Major General Pickman, have been sent, together with acknowledgment of valiant service by Major Elkin L. Franklin, Signal Corps, and Captain J. L. McKee, Seventh Infantry.

Colby enlisted in June of last year, arriving overseas in March. He is the son-in-law of Mrs. Fortia E. Warren, 178 Ninth street. Formerly the young soldier was a resident of 32st Oakland.

## CAPTAIN RUSSELL IS SENT TO GUAM

SAN FRANCISCO, Sept. 13.—Captain Robert Lee Russell, U. S. N., who has been commanding of the Twelfth Naval district since May, 1917, is slated to be suspended in that command and to be transferred to the island of Guam as commandant in the near future. This report, which has been current locally for some days, was officially confirmed yesterday by high naval officers.

No intimation has been received officially or unofficially, as to the reasons for the transfer of Captain Russell, or as to the identity of his successor in charge of the Twelfth district. Nor is it known when Captain Russell is to leave. He came here from the Philadelphia navy yard, of which he was commandant from December, 1915, to May, 1917. Here he succeeded Captain W. W. Gilmer, who was taken ill shortly after organizing the district on a war basis.

Captain Russell has been popular here with officials and public alike. He has participated in many public functions, and his figure has become familiar to San Franciscans.

Guam is the largest island of the Mariana group, and was ceded to the United States by Spain in 1898. It is about thirty miles wide by 100 miles in circumference and has a population of about 13,000.

Our remodeled second floor gives greater seating capacity this year and the removal of high partitions affords view from all parts of the big floor of the elevated stage and promenade.

The latest development of war-time fashions will be shown—the keynote being good taste, practicability and suitability to the times. An all-inclusive display of

Suits, Coats, Afternoon and Evening Frocks, Millinery, Blouses, Negligees, Shoes, Children's, Juniors and Misses' Apparel and Dress Accessories.

## Cassimere and Tweed

## Suits for Boys

TO BE PROUD OF

If you don't believe it just let him try one of our new military cut models with upper patch and lower slash pockets. See how it will please him. These ultra smart suits come in gray, brown, mixtures, novelty checks and plaids. The knickers are roomy cut, lined throughout and have reinforced seams.

Sizes for boys from 8 to 16. Prices—\$12.45 to \$16.50.

## Little Boys' Suits

For the little fellow from 3 to 8 we have some clever novelty suits in serges, cassimeres and tweeds. Very smart affairs in trench, military and junior styles. Prices—\$6.25 to \$10.00. (Mezzanine Floor)

## An Opening Display of

## Hats at \$5.00 \$7.50 and \$10.00

It is a wonderfully pleasing collection, varying from the large Hat slightly flared and trimmed with flat plumage to the little skull-like turbans pierced by a slender, curling quill. Smart wing-trimmed Hats, new shirred brim effects, new draped and feather banded styles—in a host of new effects in this complete showing. Styles for street and dress wear.

## Misses' and Children's Hats

Miniatures of mother's hats but made on more youthful lines, suitable for girls of school-going age. They are of good quality velvet in straight and floppy brimmed styles that are both youthful and becoming.

There are black Hats and colored Hats of various shapes and sizes. Styles for school and dress wear. Prices—\$1.50 to \$7.50. (Second Floor)

## Basement Millinery Shop Sale Extraordinary of Trimmings at \$2.50

Smart affairs of good quality velvet. Sailors, turbans and the stylish side flares all among them. Cleverly trimmed with wings, ostrich, fancies, flowers and ribbon effects. A special purchase of pretty Hats that would sell in the regular way up to \$5.00.

100 New Banded Hats, Special—Ready-to-wear sailors and mushrooms in black, brown, taupe, cerise, tan and navy. \$1.50

## Saturday is Children's Day

Capwell's Fall Opening Displays reveal much of beauty and style as well as practicability in children's and girls' winter apparel. Designed with originality and tailored with the utmost degree of smartness, these coats and frocks are being enthusiastically approved both by mother and daughter.

## Coats Distinctive in Style

Broadcloths, velours, zibelines, velvets, corduroys and mixtures form these new coats, with trimmings cunningly derived from velvet, furs of various kinds and plush. Belts, tucks, pockets and buttons add further embellishments. Of materials and workmanship that insure serviceability.

Sizes 2 to 6 years, priced at \$4.95 and up.  
Sizes 8 to 14 years, priced at \$9.75 and up.

CHILDREN'S NEW FALL HATS—Many charming new creations for Fall and Winter wear have arrived this week in rich velvets, silks, beavers, felts and plush.

Trimmings, fur and ribbon trim these models, which vary greatly in style and coloring. Priced from \$1.25 and up.

GIRLS' RAIN CAPES—With the stormy weather already upon us, there's immediate need of warm, cozy rain capes to keep the young-

ster dry and protected. In red and navy, with storm hoods. Sizes 4 to 14 years. Price \$1.05 and \$3.50.

WHITE LINGERIE DRESSES—Cunning little frocks made with Dutch neck, short sleeves and full little skirt with embroidery beading and ribbon outlining the high waist. Pretty laces adorn both skirt and yoke. Sizes 2 to 6 years. Price \$3.50. —Second Floor.

## Fringe--the favored trimming

Have you noticed that fringe is used for trimming just about everything these days? And it's universally becoming—and smart. Dresses lead in the use of fringe, naturally, but the vogue includes blouses, neckwear, millinery, bags and even lamp shades and pillows. Capwells have very complete assortments in ribbon, silk, cord and chenille fringes. The colors are navy, black, taupe, brown, etc. Widths 1 to 12 inches. Yard—25c to \$7.00. (First Floor)

## Wirthmor Waists

When such good waists as these are offered for only one dollar, it's worth leaving the breakfast dishes and hurrying down to get the pick of the four smart new models that have just arrived. Made of good quality materials, attractively trimmed, these Wirthmor Waists have lived up to their name in every way. Many women will buy several because the values are so good. You are sure to find a style that will especially please you. On sale for the first time Saturday.—Main Floor.

## Women's Flannelette

## Gowns

# -14<sup>TH</sup> STREET- SPECIALTY SHOP

WOMEN'S AND INFANTS' WEAR  
576-580 Fourteenth Street, Oakland

## OPENS TOMORROW

THE new Fourteenth Street Specialty Shop—carrying certain lines of women's and infants' wear which other stores have largely considered as extra departments—opens tomorrow with the very latest styles in both domestic and imported creations.

With the opening of this new addition to the shopping district of Oakland, the women-folk of the eastbay cities will be afforded an opportunity of selecting from larger stocks of the goods in which this store specializes, and also secure the lower prices possible through quantity buying.

Of particular interest to shoppers will be the complete infants' wear department, where all the essentials for the baby's wardrobe will be carried and, beside the essentials, those dainty accessories which delight the mother's heart.

It is the aim of the management to make the Specialty Shop one of the city's smartest stores, but at all times to give the greatest possible values in good merchandise, offering a range of prices which will meet the demands of those who are careful buyers but who still seek quality as the greatest economy.

### A Delightful Place to Shop

You will find this new store a most delightful place to shop, with a large, beautifully finished and well-lighted interior, and goods most tastefully and conveniently arranged. The one policy which will be most rigidly adhered to is—

"We seek the good-will and friendship of our customers FIRST, through every possible act of courtesy and consideration. Each customer must be fully satisfied before any sale is closed. A customer buys where she wants to buy, and every person connected with the Specialty Shop must help in making customers want to buy here—both by the merchandise offered and the attention paid to the requirements of those patronizing this store."

## OPENING SALE

As an indication of the values which will be offered we call the attention of shoppers to the following items and prices, at the same time inviting an inspection of the new store:

### Children's Dresses—

Colored chambrays, gingham, organdies, poplins and piques with plain and pleated skirts; cuffs and collars in contrasting colors; button and lace trimmed and embroidered effects for children from 1 to 6 years \$2.98 and \$3.98

### Children's Sweaters—

Heavy weight all-wool sweaters in solid colors with fancy striped collars and cuffs, two to six years \$2.98

### Infants' Slips—

Dainty short mull slips with embroidered and lace trimmed yokes and sleeves \$1.25  
Long mull slips in the same styles \$1.50

### Infants' Booties—

### Seek Private Homes to House Fighters

Accommodation in private homes for week-end visiting men in uniform is asked by the executive committee of the Oakland Defenders' Club as a remedy for the present congestion of hotels that compels soldiers and sailors to sleep in hotel lobbies, on the floor of the club-house or to walk the streets on Saturday nights.

Accommodations were furnished by 200 private families last Saturday night and a 50 per cent increase has been volunteered for the duration of the Land and Industrial Exposition. Use of basements in churches is to be immediately discontinued.

Besides private homes, a centralized barracks is proposed. Quarters to be included in the new Red Cross administration building are favored. Temporary assistance has been given by the Hotelmen's Association. Special rates are in effect and the sample rooms at

### Grandson of Morse

#### Divorced by Wife

SAN FRANCISCO, Sept. 13.—Samuel P. B. Morse, grandson of the inventor of the Morse telegraph system, and his beautiful wife, Mrs. Annie Thompson Morse, have been divorced, according to a decree obtained yesterday.

Co-incident with the arrival of the news that Mrs. Morse had obtained her final decree Morse left yesterday for New York City. For several months he has been living at the Pacific Union club.

### RAIN WELCOMED EVEN IF IT DID HALT BIG DRIVE

"We are not discouraged by the fact that yesterday's continuous rain kept us from getting several thousand dollars for our war work—that rain meant more doughnuts for the boys over there. It takes wheat to make doughnuts, and it takes rain to make wheat. We won't lose anything in the long run."

This is the optimistic view which Adjutant C. A. Ryan of Chicago, in Oakland to help in the big Salvation Army war work fund drive, will be paid.

takes of yesterday's downpour. The rain kept 300 women workers from invading Oakland's downtown section and in the process securing many hundreds of dollars from patriotic pedestrians.

"The rain meant a million dollars to Alameda county farmers alone," says Mrs. Edward Gordon Jones, president of the Oakland Federation of Mothers' Clubs, which was to have aided in yesterday's Salvation Army drive.

Booths will be established today and the workers will endeavor to make the day's total an even \$5000. The same schedule will be adhered to tomorrow, the closing day of the drive, and it is expected that Oakland's quota of \$25,000 in the drive will be paid.

### Players Are to Move Over to Bishop House

JANE URBAN

"Daddy Long Legs," with Jane Urban, at the Macdonough theater this week, is to be moved, intact, to the Bishop Playhouse for a week's run, beginning next Sunday afternoon. It has been necessary to give five matinee performances of "Daddy Long Legs" this week and no seat is left for the matinee tomorrow.

As the Macdonough theater is to begin its popular vaudeville season next Sunday, arrangements were quickly made this morning for the use of the Bishop Playhouse next week.

Jane Urban and Paul Harvey, with all the players, will step over to the Bishop playhouse next Sunday afternoon, with the production intact.

**ABOUT CHRONIC CATARRH**  
Chronic catarrh results from a neglected cold or from a succession of colds, that is, before you are over one cold you contract another. The inflammation, at first acute, becomes chronic. When the cold is properly treated and promptly cured there is no further trouble. Parents often neglect colds contracted by their children and chronic catarrh, from which they never fully recover, is the result. To get rid of a cold take Chamberlain's Cough Remedy. It is prompt and effective. For sale by all "Big" Drug Stores. Advertisement.

# DEFENSE IS WEAKENED BY THE VICTORIOUS ONSLAUGHT

of the great allied army of buying power, low cost of operation, low rent and willingness to sell on small margin of profit, regiments of new fall goods are coming into the fight every day. All these goods are carefully examined and prices rigidly marked down to the lowest notch. That is another reason why we CAN and DO sell good clean staple merchandise cheaper than any other store in Oakland.

## A PATRIOTIC DEMONSTRATION.

Approximately fourteen million men enrolled yesterday as liable to be summoned to go overseas and fight for world democracy. Such a spectacle never before occurred. History affords nothing that approaches a parallel. A nation not immediately menaced and not having an ulterior purpose "goes to the bat" for humanity, and its men who must bear the brunt come up smiling, as though personal benefits were involved instead of grim war service. It may be well calculated to perturb the Kaiser.

In this connection it may be interesting to take account of the change that has occurred within a year and a half in the individual point of view. The time is readily recalled when the important thing was to "keep out of the war." It was repeated at almost every angle of the war argument. It obsessed the American people and the national administration to an extent that provocations were overlooked. The idea furnished a slogan in a presidential election. There might have been some justification for the Kaiser's apparent belief that Americans would not fight under any provocation. But finally, when the limit of endurance had been reached, when democracy was menaced and civilization itself imperiled, and the duty of the American nation became unmistakable, a splendid unanimity of sentiment was immediately manifest. Yesterday's outcome was a natural result.

The mandate to enroll was accepted as a patriotic privilege, rather than a citizen duty. There was no protest, no submerged dissent. Men lined up and awaited their turn with a patience not always manifest when a public duty diverts them from their routine. Afterwards they exhibited the evidence that their names had been enrolled on the nation's list of available defenders with that satisfaction that characterizes the winning of a prize at a drawing. The spirit is not likely to be understood by those inured to the ways of the Hun, for instance, or by any people who are only actuated by considerations of national aggrandizement or national jealousies and hatreds.

It was a splendid demonstration of how Americans have arisen to the occasion. In humdrum times of peace we may disagree and dispute. But we are an energized people, and much that may be taken for discontent is mere restlessness. We may impress those potentates who have reduced human action to clockwork and eliminated healthy human emotion altogether as being volatile and effervescent; but when the occasion arrives that appeals to our humane sensibilities and patriotism, all seeming frivolities and lesser considerations vanish and we become united in the great purpose.

## DEATHS IN UNITED STATES SENATE.

The recent passing of Senator Ollie James of Kentucky directs attention to the unusual number of deaths in the United States Senate since the convening of the sixty-fifth Congress. Upon ten separate occasions it has been the duty of Senators to rise in their places and announce the death of colleagues. Seven of the ten were Democrats, and three Republicans. It is a remarkable fact that only one of the ten might be classed as an aged man. Dr. Gallinger, the Republican leader, was 81 years of age. Tillman was only 71, and Stone of Missouri 70. Newlands of Nevada, who was generally referred to as California's third Senator, was of the age of Tillman, although he was much younger in appearance. Broussard of Louisiana, Huston of Wisconsin, Lane of Oregon, Brady of Idaho and Hughes of New Jersey were relatively young men. Hughes, who had also seen service in the House, was only forty-six.

Although Dr. Gallinger was the oldest man in the Senate and had served longest, some twenty-seven years, he was by no means a record-breaker in point of age or length of service. Justin S. Morrill of Vermont shares with John Sherman of Ohio that distinction. Morrill was eighty-eight, and had served in the Senate thirty-three years; Sherman was seventy-four, and served thirty-two years. In both House and Senate Morrill and Sherman served over forty years, Sherman's service having been fifty-five days the longer. William B. Allison of Iowa sat in the Senate

longer than either of these men and he had turned eighty when he died. Charles Sumner of Massachusetts died at sixty-three, after a service of twenty-three years, and George F. Hoar at seventy-eight, after twenty-eight years' service. Daniel W. Voorhees of Indiana was only seventy, and was twenty years a Senator.

No doubt one of the chief causes of the high mortality during the sixty-fifth Congress can be attributed to the tremendous pressure and unusual excitement under which members have been compelled to labor during these strenuous days. The long summer sessions at Washington are most trying, particularly upon men past middle age. Through the death of over one-tenth of its membership, a majority of whom had seen long service, the United States Senate has suffered a severe loss.

## THE NEW SAILORS.

While the program of building merchant ships is being carried on at increasing speed and with growing results, the federal government has not neglected the subject of providing crews for the operation of the new American merchant marine. An extensive organization for making new sailors has been established and while it would be perhaps reckless optimism to say there would be no difficulty in obtaining skilled crews to operate the ships as fast as they can be turned out, it is not too much to predict that the government will be able to solve this problem with a fair degree of success.

Chairman Hurley of the shipping board recently summarized results in the free navigation and marine engineering schools for the period of thirteen months since their establishment. The board now has thirty-six schools in operation, there being twenty-four for training deck officers in navigation and twelve for engineer officers. Attendance for August was at high water mark, with 1139 students. The largest schools are in Philadelphia, New York, Boston, Chicago and San Francisco.

For the thirteen months named a total of 8069 students were admitted to the schools, and 4439 students were graduated. The graduation of the present classes will bring the total above 5000. The term is six weeks in the navigation school and a month in an engineering school. Graduates are examined by the Steamboat Inspection Service before being licensed as second or third mates, or second or third assistant engineers.

Chairman Hurley also reports that for training apprentices to serve in merchant crews the board now has ten training and receiving ships in operation, with a total of 3125 apprentices on board. Inexperienced youths are trained six weeks on these vessels before being sent to sea. Volunteering for the merchant service is now brisk, an average of 156 applicants a day being enrolled for training as apprentices.

While "sea dogs" only are accepted for training as officers, the young men who go aboard the training ships to be shaped into sailors, firemen, cooks and messmen, are raw material, from the sailor's standpoint. Many of them never saw the ocean until they reported for duty on the training ships.

Recently a large contingent of recruits sent from the south to Norfolk, and there taken aboard one of the board's Atlantic squadron of training ships, included in their numbers farmers and ranch hands from Oklahoma and Texas, plantation and sawmill foremen from the bayou country of Louisiana, woodchoppers and teamsters from Arkansas, and boatmen and shrimp fishermen from the gulf shore of Mississippi and Alabama.

On the training ship the young men mingled with factory hands, clerks, fishermen and other workers of the north—young huskies from Maine, New Hampshire, New York, Minnesota and Ohio. In fact, all the States east of the Mississippi were represented in the 600 apprentices on the ship.

West of the mountains applicants for training are sent to San Francisco or Seattle, the bases of the board's Pacific training squadron. Among recent applicants at San Francisco were three full-blooded, educated Ute Indians.

Taken as a whole, the green men now going into the merchant service are much the same material as that taken into the navy up to the time, recently, that volunteering for naval service was suspended.

"These boys are clean-cut, well developed, average young Americans," says Chairman Hurley. "They are the kind we want in our merchant crews. They learn quickly, and make good sailors. We hope a large percentage of them will continue to follow the sea after the war."

Here is the rebuilding to important proportions of a new trade in the United States. Its followers are destined to carry the products and a knowledge of America to all quarters of the globe.

Senator Knute Nelson of Minnesota was one of the few who questioned the propriety of extending the draft age both ways. He served in the Civil War, having enlisted when he was but 18, so that he was not doubtful of extending it in that direction; but thought that to send "a lot of these superannuated men, as I call men over 30, to Europe and to put them in the fighting line would simply be to have that many to carry back in the course of a year." And yet at considerably more than twice that age he is still quite a distance from superannuation. The only criticism that may be made in this connection is that the Senator lacks in introspection.

## NOTES AND COMMENT

Attention of those aspirants who are quarrelling over a place on the ballot is directed to the Chicago way. There they drew straws, the longest one conveying a precedence that is surer than a court decision—at least, less irritating to those who get left.

This is a queer variant of the bozo sentiment—the nomination of a wet away down in the State of Vermont. The successful Republican candidate for Governor, Percival W. Clement, opposed the Federal prohibition amendment, while two opponents were for it. There is probably something else that figures.

Yolo county attracts emphatic attention. She took prizes at the State Fair sufficient to pay all expenses, which not only suggests her productivity as to soil, but her energy and alertness as to citizenry.

The food administration admonishes three San Francisco bakers because they put too much wheat flour in the pies. The consumers would undoubtedly agree to excess material being put between the crusts.

It is interesting to read that Medill McCormick is in the lead for the Republican senatorial nomination in Illinois, but surprising to read that Mayor Thompson of Chicago is within reaching distance. Mayor Thompson's title as to Americanism is not too clear.

The gubernatorial imbroglio and the maneuvering to emerge from it is getting on the public nerve, so that the one shall be achieved, may not be worth the trouble.

Fuel Administrator Garfield says that California stocks of gasoline are being rapidly depleted. Does this presage an order that will stop joy riding on Sundays, same as they have beyond the Mississippi? There is no doubt that thousands of barrels of petrol are burned every Sabbath without materially aiding to win the war.

Petrograd is burning while people are indiscriminately murdered in her streets. The Reds of Russia are doing their best, which is too much, to parallel the horrors committed by the Reds of France during the French revolution.

The forecaster has been confused by Jupiter P. the very first thing. He is reported as saying offhand that what little precipitation resulted from this storm would not be enough to lay the dust. And we see what happened.

The Democratic hosts, when they assemble in party formation, nearly always promote the general gale. The meeting of the state committee, Wednesday, closed with a decision to do as to the gubernatorial situation, did not disappoint in this respect. The fact that a decision was not arrived at with any unanimity or certainty is not material.

That Rolph's expense for the primary campaign, as shown by the account filed with him, but \$1850.10 would tend to refute the idea that running for Governor is an expensive experience but for Henry's sworn statement that it cost him \$28,930.

Republican gains in such States as Maine do not indicate lack of new members in the national administration. Patriotism assures a support of the President and his advisers in their efforts to win the war, but it is also indicated that the American voter will resume his individual way of viewing national matters when the situation again becomes normal.

## SPIRIT OF THE STATE PRESS

When the legislature assembles in January there will be several new members from various districts. Mrs. Elizabeth Hays is a pending member of great worth, it is claimed. From Berkeley Miss Anna L. Saylor is expected, with quite a majority support. Dr. Mabel Anthony of the Sixteenth senatorial district is second in the unofficial account.—Colusa Sun.

A story comes from Canton, N. Y., that a cow in that neck of the woods, trying to kick a fly from her head with her left hind foot, got caught over one of her horns, and, struggling to free it, broke her neck. Persons to whom the story appears incredible have only to think of Belgium as the fly and Germany as the cow to understand the kick, the consequence, the climax and the catastrophe.—Sacramento Union.

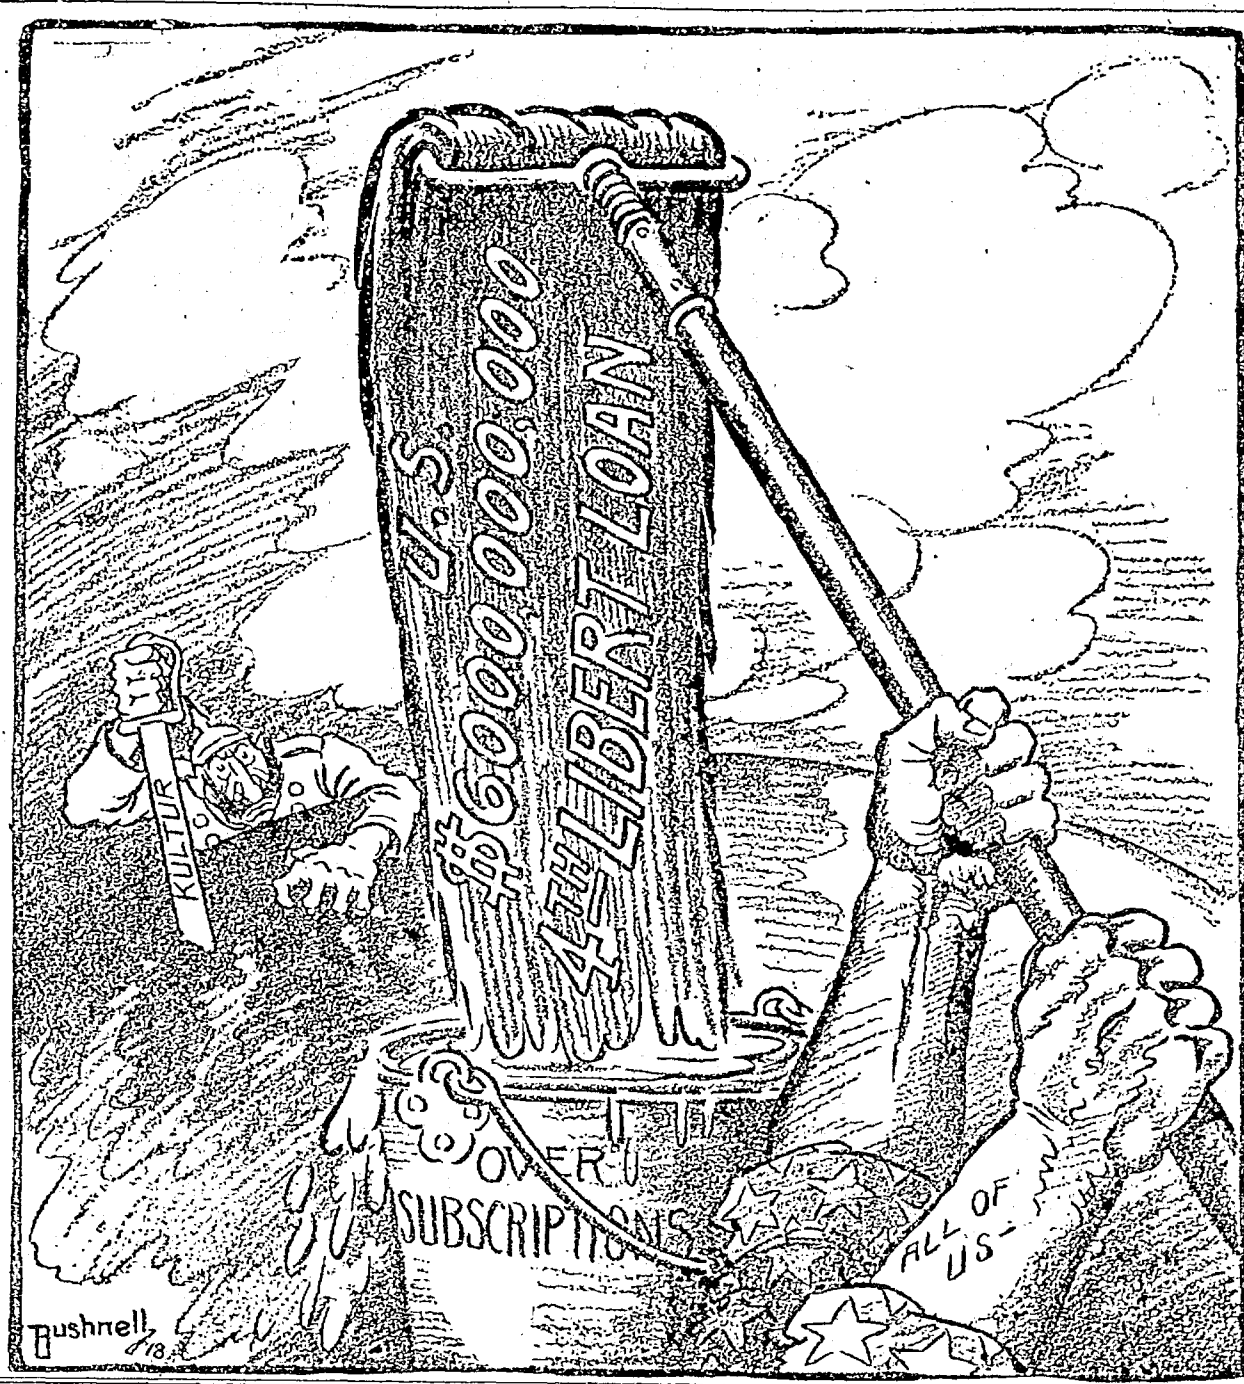

Councilman James Dougherty was exceedingly well pleased with his picture which appeared on the first page of the Union Sunday morning, accompanying the article announcing his election, but he is firmly convinced that Artie Baker must have "painted in" the large perpendicular red horse stripes on his shirtfront.—San Diego Union.

Gone is the good old American stage coach. Perhaps no one realizes more keenly than the summer vacationist who has returned from the mountains. Up at Camp Curry, Yosemite valley, they keep an old-fashioned, thoroughbred stage standing within an enclosure for the entertainment of sight-seers. Now and then it is hooked up for a swing around the floor of the valley just to enable parties to experience the novelty of riding in the old-fashioned vehicle.—Stockton Record.

## THIS DAY IN THE WAR

Sept. 13, 1917: Argentina recalls naval attacks at Berlin.  
Sept. 13, 1918: French enlarge gains in Comblains-Perrone sector.  
Sept. 13, 1918: Hindenburg reaches railway between Villan and Divinsk.  
Sept. 13, 1918: Joffre reports "Everywhere the enemy is retreating."

## NOW FOR THE GRAND "MOP UP" OF PRUSSIANISM

## WEATHER REPORT

### Forecast.

Oakland and vicinity: Tonight and Saturday unsettled weather with rain; gentle southwesterly winds.

Balance of California and Oregon: Tonight and Saturday unsettled weather with rain; gentle southwesterly winds.

Nevada: Tonight and Saturday, unsettled weather with rain.

Washington: Tonight cloudy, Saturday rain and cooler; gentle northerly winds.

Idaho: Tonight cloudy north portion, rain south; Saturday, rain and cooler.

### Conditions.

Rain has fallen in California from Point Conception and the Tehachapi northward, in western Nevada and extreme southern Oregon. In other portions of the Pacific slope the weather is cloudy and threatening. The rainfall has been heavy in the Sacramento valley, extreme northern portion of the San Joaquin valley, San Francisco bay section and southward to Monterey. Rain has also fallen east of the Mississippi river. Elsewhere the weather is fair.

Conditions are favorable for rain over the entire district tonight and Saturday.

G. H. WILLSON, Forecaster.

When Freedom's night had paled beneath  
The gloom of night's advance,  
And baleful Hun had bathed in blood

The fields of sunny France,  
Columbia's vision, with rising fire,  
Expiring Liberty  
And thundered forth in words of fire,  
"My God, this shall not be!"

And Britain heard that vow as bent  
Beneath the load she bore,  
Sundered by straggling heroes die  
Upon a foreign shore,  
She heard, and scornful frowned upon  
That hellish Teuton mass;  
And said, "With great Columbia's help,  
We swear they shall not pass!"

Then weeping France burst forth again  
In smiles of hope and cheer,  
And gathered faith and confidence  
In knowing help was near.  
Till a foreign shore more  
Trucked victory from defeat,  
And Allies all turned face to foe  
And forced a last retreat.

Yes, last retreat! It shall not stop  
Until the Rhine is passed,  
And Trussia's fiendish dream of  
world  
Supremacy at last  
Is blotted out—and once again  
The sun of Liberty  
Shines on a peace-united world,  
Set by Columbia free!  
G. W. SKILLING,  
Berkeley, Cal.

## TODAY 20 YEARS AGO

While on its way here the British steamer Lord Cairns hailed the battleship Oregon and was told of the American fleet's victory in Manila bay. Captain Davies of the Lord Cairns then called his men on the poop of the vessel and three cheers were given for the Stars and Stripes. The story of the meeting of the warship and merchantmen was told upon the arrival of the Lord Cairns at Adams wharf.

Professor Bell, the inventor of the telephone, arrived here on his way to Japan.

Countess de Degon of Paris arrived here to attend the funeral of her mother, Mrs. Claudine Sourdy, who died at her home, 88 Santa Clara street.

Mrs. Jane Hassfurter, who was a candidate for superintendent of public instruction on the Populist ticket, was arrested here for holding a public discussion on the street without a permit from the mayor.

ARKANSAS CHAMPIONSHIP HONORS.  
Mr. and Mrs. Leeds are the prize opossum hunters, having killed ten the other morning before breakfast. Of course the dogs helped.—Springdale, Ark., News.

### How Careless of Them!

Mrs. Newlwyd went to the grocery store to do her morning shopping. She was determined that the grocer should not take advantage of her inexperience.

"These eggs are dreadfully small," she remarked.

"I know it," replied the grocer. "But they are what the farmer brings me. They are just fresh from the country this morning."

"Yes," said the bride, "and that's the trouble with those farmers. They are so anxious to get their eggs sold that they take them off the nests too soon!"—The People's Home Journal.

### Piling It On McAdoo.

First Tenant—Got an idea?  
Second Tenant—Yes, why not make Mr. McAdoo director-general of elevators?—New York Sun.

### The Last Ditch.

"You'll have to give up drinking on account of your liver," said the doctor. "And I would advise you to stop smoking because of your eyes and your heart."  
"Doctor," groaned the patient, "don't you think I'd better give up eating because of my stomach?"—Boston Transcript.

## HEALTH AND HAPPINESS

What You Might Do to  
Correct the Faults in Your  
Own Frame.

By DR. LEONARD K. HIRSHBERG  
A. B., M. A., M. D.  
(Johns Hopkins University.)

It is the length of the muscles and the ligaments that in part determine your height. In order to acquire their full length, it is necessary that the muscles and ligaments never be allowed to lax while you are in a standing position. If you allow this to happen and stand or sit in any kind of awkward fashion, the lazy muscles make your figure droop and you are perhaps an inch or more shorter than you need be.

You have probably taken notice of some person with one shoulder higher than the other, and with one hip also lower than the other. This condition is often brought about by a wrong standing position, or by an erroneous method of carrying things in the arms.

If you are accustomed to stand on the right foot and rest all the body's weight on that one, and if you naturally court this outcome, in this event, the muscles of one side of your mechanism become strained at the expense of those on the other, and the muscles of the other side soon commence to show signs of laxity.

When you carry any heavy object in one hand without changing it about, the same condition finally results. There is produced, in time, a marked C-shaped curvature, which shows a lowering of the right shoulder, if the right side was the one abused, and a prominence of the right hip.

When this state of affairs is reached the ligaments of the spine and hips become overstretched and those of the remainder of your mechanism become lax. This condition is caused by round and uneven shoulders, flat chest and a protrusion of the abdomen, so that not only have you lost in height, but you have also been the loser in poise and dignity of posture.

If you have cultivated the excellent habit of taking daily exercise, and those of the remainder of your mechanism become lax. This condition is caused by round and uneven shoulders, flat chest and a protrusion of the abdomen, so that not only have you lost in height, but you have also been the loser in poise and dignity of posture.

Begin with exercises for the arms. Exercises for the neck, the shoulders and chest come next in order. The muscles of the abdomen must then be stretched and the muscles of the spine and back should feel the strain of slow, long-drawn-out movements. Exercises for the legs usually are worked in with the hip. These are abdominal movements, but special exercises for the legs is sometimes an excellent practice.

If the muscles of the legs are flimsy and need to be tightened, it is well to practice the following exercises:—

Grasp hands on hips and legs crossed at the knees. Move the right foot in front close to the left with toes pointing to the right. Then swing the right leg outward and back, around the foot in front, to about 18 inches behind the left foot, and then again outward and around to the first position.

**Lutheran Colony Is  
Given \$35,000 Verdict**  
SAN FRANCISCO, Sept. 13.—The  
Lutheran Colonization Company of Te-  
hama county were awarded a verdict of  
\$35,000 by a jury in the court of Fed-  
eral Judge Frank H. Harkin this morn-  
ing in the suit against the Sunset Syn-  
dicate Company. They sought to re-  
cover \$345,447.51.  
It was alleged in the trial of the case  
that the Sunset Syndicate Company,  
composed of Smith Crowder, George T.  
and Stuart F. Hawley sold 3750 acres  
of Tehama land to 200 Lutheran col-  
onists from Nebraska in 1911, representing  
at the time that the sale carried with  
it valuable water rights from Big Ant-  
elope Creek. The colonists charge mis-

**THRONE IS WEAK,  
REASON TONE OF  
KAISER CHANGES**  
AMSTERDAM, Sept. 13.—"Does  
the Kaiser feel his throne is no  
longer firm?" the newspaper  
Nieuwe Vandaag asked today,  
commenting on Wilhelm's speech to  
the Krupp workers.  
representation and fraud and sued to  
recover when it developed the water  
rights in question were owned by the  
Cone Ranch Company.

**New Air Department  
Halted by Crowell**  
WASHINGTON, Sept. 13.—Objection  
of Assistant Secretary of War Crow-  
ell to the creation of a separate depart-  
ment of aeronautics halted the plan of  
the Senate military affairs committee  
to report out the New bill for the cre-  
ation of such a department this after-  
noon. The committee thoroughly dis-  
cussed the New bill and committee  
members said there was practically no  
opposition to reporting it, but in view  
of the emphatic opposition of the War  
Department, final action was postponed  
for a few days.

**BUILDINGS IN  
OAKLAND FOR  
LABOR, NEED**  
Granting of priority rights to Oakland,  
through the Priorities Board, that neces-  
sary homes for war workers may be  
constructed, is the first step proposed  
in the long bill of industrial housing.  
With less than 200 vacant houses in  
the city, and with rapid increases in  
Shipyard population as the Liberty  
Shipyards new expansion and other  
yards expand, Oakland is soon to be  
facing an actual shortage of houses.  
The office of the War Trade Board,  
flooded with all building plans during the  
war, make a special exception of homes  
needed for war workers. If the Prior-  
ities Board can be induced to release  
building material shipments for Oakland  
the work can go on.

**U.C. TRAINING  
PROVIDED IN  
'BABY DRAFT'**  
Uncle Sam is going to provide  
college educations for men in the  
'baby draft'.  
Standards for the education of regis-  
tered youths between 18 and 21  
are rapidly taking form. The Stu-  
dents' Training Corps is being  
drawn together at the University of  
California, its naval unit is under  
way, and "four quarter" courses, or  
college all the year round, with in-  
tensive training, are the orders of  
the day.

**Policewomen to Go After Mashers**  
Clean-Up of Parks Part of Plan  
With the imminent appointment of  
two police women by Chief of Police J.  
H. Neiderman efforts will shortly be  
made by the department to make the  
city streets, the parks and the play-  
grounds more safe and comfortable for  
women and children at all times.  
Commissioner Jackson's ordinance pro-  
viding for the two regular police pos-  
itions to be filled by women will be in  
effect the first of next week when the  
appointments will be made.

**Federal Agents to  
Probe Window Raid**  
Federal agents will probably make an  
investigation into the circumstances of  
the breaking of windows during the  
night at a store occupied by E. Ahari  
at 4320 San Pablo avenue. The store  
is adjoining the Emeryville postoffice.  
Neighbors who heard the smashing tele-  
phoned the police who, following a pre-  
liminary investigation, turned the mat-  
ter over to the police. It is believed  
that persons made the attack through  
enmity to either the proprietor or em-  
ployees in the store.

**HOSPITAL AT  
FREMONT IS  
HIT BY FIRE**  
CAMP FREMONT, Sept. 13.—Fire  
starting from unknown causes in the  
receiving ward of the Camp Fremont  
state hospital early today practically  
destroyed the ward before it was brought  
under control.  
A male telephone operator was the  
only one in the ward at the time. He  
warned those in other wards before his  
lines were burned out. The fire was  
controlled by the military fire depart-  
ment at the hospital. The hospital is  
three miles from the camp.  
Single Hskpg. Rooms

(United States Food Administration License No. C-25448)

LESSER BROS. WASHINGTON MARKET LESSER BROS.

**FEDERAL AID OFFERED.**  
Federal aid has been offered the city  
through W. A. McClatchy, special rep-  
resentative of the United States Hous-  
ing Corporation, who states that prefer-  
ential rights will be granted to build-  
ers of necessary homes. This was the  
result of a conference between Mc-  
Clatchy, president H. C. Capwell of the  
Chamber of Commerce, Mayor S. C. Ir-  
ving of Berkeley, City Manager C. E.  
Hewes of Alameda and Wells Drury,  
secretary of the Berkeley Chamber of  
Commerce.  
Approximately 35,000 war workers are  
now employed in war work about the  
city, and 40,000 more are ex-  
pected by the middle of the coming  
year. The Liberty Shipyards will shortly  
require 25,000 more men, the Moore  
plant, Bethlehem Corporation and Union  
Construction 3000 men each, the Gov-  
ernment Concrete yards 5000, and Ham-  
lin's 2000.  
Groups of low-priced homes are to  
be built in Vallejo and McClatchy's plan  
for meeting the emergency. Work is  
not to be started, however, until every  
other facility for housing the workers is  
exhausted. The priorities order would,  
in the early stages of construction, afford  
Oakland a temporary relief, says Mc-  
Clatchy.

**HOUSING EXHIBIT HERE.**  
For the guidance of the housing ex-  
pert the principal features of the Hous-  
ing Exhibit recently seen in New York  
have been brought to this city, under  
the auspices of a committee composed  
of Harmon Bell, chairman, Mayor John  
L. Davis, John P. Maxwell, George S.  
Meredith, A. H. Breen, C. E. Ir-  
ving, Fred E. Reed, F. A. Leach Jr.,  
Joseph H. King, Walter Leimert, W. H.  
Edwards, F. F. Jackson, Fred Soder-  
berg, F. P. Morse, Harry Laffer, Charles  
H. Cheney, A. S. Laveson, I. H. Clay,  
J. J. Rosborough, Mayor S. C. Irving  
of Berkeley, Mayor Greene of Alameda,  
Miss Ethel Moore, Mrs. Augusta  
Reinhardt, Fred M. Hunter, H. S. Rob-  
inson, Joseph R. Knowland and H. C.  
Capwell.  
Volunteer quarters are to be called  
for at once to aid in present emer-  
gencies, and in the meantime the build-  
ing plans are to be thoroughly gone  
into. Several suitable land tracts are  
in contemplation.

**TRAINING FOR YOUTHS.**  
Youths of 20 who enter the train-  
ing corps may expect to remain in  
college until Christmas, those of 19  
until April, and those of 18 until  
June. Intercollegiate athletics will  
be limited by military rules, and  
"spending up" of studies, or in-  
tensive training, will be the order of  
the day.  
The naval unit at the university  
will be for 500 men. It will prob-  
ably start in October, and the stu-  
dents will receive the equivalent of  
Annapolis training. Rear Admiral  
C. A. Gove, former commandant at  
Buenos Aires, will command the  
unit. Details will be announced  
in a few days.  
Complete information regarding  
entrance to the university training  
camp has been issued by President  
Benjamin Ide Wheeler of the uni-  
versity.

**ENLIST AS PRIVATES.**  
He states that men of from 18  
to 45 will be admitted, these to be  
enlisted as privates and to receive  
\$20 per month. In seeking ad-  
mission these men are warned to dis-  
tinguish between enrolling in the  
university and in the army corps.  
The university requires matriculation  
evidence which will still be in  
force for regular university stu-  
dents. The Academic Senate, how-  
ever, will pass on special cases in  
the army training plan, and many  
may thus be admitted without the  
usual high school graduations, if  
their general education is found to  
be equivalent.  
All students must be citi-  
zens of the United States or must  
have taken first papers. They  
must pass the physical examina-  
tion.  
As induction will take time, stu-  
dents are advised that they should  
have from \$150 to \$175 saved up for  
expenses until they go on Uncle  
Sam's payroll. The government will  
furnish uniforms to all inducted  
men. Colonel William Lassiter, re-  
tired army officer, who has been  
recalled to service, will be in gen-  
eral charge of the students' corps.  
The recorder's office at the uni-  
versity will give all required infor-  
mation regarding the course.

**What is doing  
TO-NIGHT.**  
California Women's Committee, Coun-  
cil of Defense convention, Mills College.  
Concert, choir room of St. Philip's  
church.  
Oakland Homestead, Brotherhood of  
American Yeomen, dedicates service  
flag, 8:30 p. m.  
Pacific Coast Land Industrial exhibit,  
Auditorium.

Lake Merritt—Boating.

**What is doing  
TO-MORROW.**  
Red Cross Market Day, San Leandro.

**ONLY ONE DAY  
UNTIL CLOSE OF  
QUEEN CONTEST**  
But one more day remains! The  
contest for the central figure of the  
Court of Democracy, the big pageant of  
the Pacific Coast Land and Industrial  
Exposition, will close Saturday evening,  
when the judges, H. C. Capwell, W. J.  
Wells, John F. Smith, G. H. Truman  
and Jesse Robinson will make the of-  
ficial count of the votes cast. The  
count will take place Saturday evening  
at 10 o'clock in the Alameda county  
exhibition space.  
Thursday evening, September 19, will  
mark the date of the installation of the  
dominant nation in the court of the  
allies. The ceremony will be attended  
by many picturesque incidents, 500-  
diers and sailors will guard the  
and the marine band will lead the  
triumphal march.

tractively priced.....\$9.00

Taft & Pennoyer Co.

Lemon Juice

Girls! Make beauty lotion at home for a few cents. Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage the sweetly fragrant lotion over your face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes, it is harmless.—Advertisement.

**Talk of High Cost of**

**Medicine**

"Although I paid only \$2.00 for two bottles of Mayr's Wonderful Remedy, I would not have been able to tell you how much it has cost me. My partner also has taken a dose with wonderful results. He was pure vomited, and his bowels were so loose that he was obliged to use the cathartic, and he was so bloated with gas." It is a simple and safe preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose is sufficient.

**Advised by** Osgood's Dept. Drug Store and druggists everywhere.—Advertisement.

## Hardworking Woman

Knows from Experience that Nothing Will So Satisfy and Create Strength as  
Holmdel, N. J.—"I live on a farm and am a hard working woman and for weak, rundown, overworked conditions have found nothing that will so quickly and happily build me up and create me strong as Vinol."—Mrs. Thomas Ellis.

The reason we recommend Vinol for such conditions is because it is a constitutional remedy and all of its ingredients are printed on each package which will prove that it is a safe and valuable remedy to create strength for weak, rundown, overworked men, women and children. Get Vinol from Druggists and chemists everywhere.—Advertisement.

### HELD IN HIGH ESTEEM

For its ability to create strength and health in the most delicate and

esteemed Dean Chamberlain's Colic and Diarrhoea Remedy by those who have used it for years as occasion required, and know its real value. Mrs. J. Cogwell, Andrews, Ind., writes: "I have a high opinion of Chamberlain's Colic and Diarrhoea Remedy. It is the best medicine on the market for diarrhoea and all forms of bowel trouble. My mother used it for years before it was married and still lives in the house." For sale by Osmond Bros.' Drug Stores.—Advertisement.

## The Branch House Man

This is one of the Swift & Company Branch House Men.

They are all pretty much alike in the way they feel toward their work—and that is what this ad is about.

They know that most people couldn't get such good meat promptly and in good condition if it weren't for the branch houses of which they are in charge.

They know that the branch house is one of the most important links in the chain of preparing and distributing meat for a nation.

They know that Swift & Company must have its branch houses run at the highest notch of usefulness; that even a Swift & Company branch house won't run itself, and that it is up to the branch house man to run it properly.

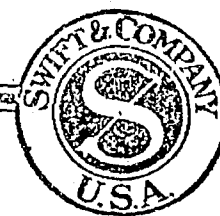

Any branch house man who doesn't see his work in this light is transferred to some other place with Swift & Company to which he is better adapted.

They are picked men, these branch house men. Every time you sit down to a steak or chop, or cut of roast, you can give a grateful thought to the whole crew of them.

And remember, in a general way, that everything that makes life smoother and more convenient for you is the result of the thoughtfulness and effort of a lot of people of whom you have never heard.

Swift & Company, U. S. A.

Oakland Local Branch, 420 Franklin St.

## POLICEWOMAN'S LAW IS ADOPTED

An ordinance providing for the appointment of two regular policewomen was adopted finally by the city council today. Commissioner F. E. Jackson stated that he will make known tomorrow the names of the women who will receive the appointments. This is the first instance of policewomen in Oakland. The appointments must be between the ages of 25 and 35 years, to have lived in the city for at least five years, and be citizens. As soon as the appointments have been made the policewoman's bureau will be organized under the direction of Chief of Police J. H. Neiderman.

-2223-2224-2225-2226-2227-2228-2229-2230-2231-2232-2233-2234-2235-2236-2237-2238-2239-2240-2241-2242-2243-2244-2245-2246-2247-2248-2249-2250-2251-2252-2253-2254-2255-2256-2257-2258-2259-2260-2261-2262-2263-2264-2265-2266-2267-2268-2269-2270-2271-2272-2273-2274-2275-2276-2277-2278-2279-2280-2281-2282-2283-2284-2285-2286-2287-2288-2289-2290-2291-2292-2293-2294-2295-2296-2297-2298-2299-2300-2301-2302-2303-2304-2305-2306-2307-2308-2309-2310-2311-2312-2313-2314-2315-2316-2317-2318-2319-2320-2321-2322-2323-2324-2325-2326-2327-2328-2329-2330-2331-2332-2333-2334-2335-2336-2337-2338-2339-2340-2341-2342-2343-2344-2345-2346-2347-2348-2349-2350-2351-2352-2353-2354-2355-2356-2357-2358-2359-2360-2361-2362-2363-2364-2365-2366-2367-2368-2369-2370-2371-2372-2373-2374-2375-2376-2377-2378-2379-2380-2381-2382-2383-2384-2385-2386-2387-2388-2389-2390-2391-2392-2393-2394-2395-2396-2397-2398-2399-2400-2401-2402-2403-2404-2405-2406-2407-2408-2409-2410-2411-2412-2413-2414-2415-2416-2417-2418-2419-2420-2421-2422-2423-2424-2425-2426-2427-2428-2429-2430-2431-2432-2433-2434-2435-2436-2437-2438-2439-2440-2441-2442-2443-2444-2445-2446-2447-2448-2449-2450-2451-2452-2453-2454-2455-2456-2457-2458-2459-2460-2461-2462-2463-2464-2465-2466-2467-2468-2469-2470-2471-2472-2473-2474-2475-2476-2477-2478-2479-2480-2481-2482-2483-2484-2485-2486-2487-2488-2489-2490-2491-2492-2493-2494-2495-2496-2497-2498-2499-2500-2501-2502-2503-2504-2505-2506-2507-2508-2509-2510-2511-2512-2513-2514-2515-2516-2517-2518-2519-2520-2521-2522-2523-2524-2525-2526-2527-2528-2529-2530-2531-2532-2533-2534-2535-2536-2537-2538-2539-2540-2541-2542-2543-2544-2545-2546-2547-2548-2549-2550-2551-2552-2553-2554-2555-2556-2557-2558-2559-2560-2561-2562-2563-2564-2565-2566-2567-2568-2569-2570-2571-2572-2573-2574-2575-2576-2577-2578-2579-2580-2581-2582-2583-2584-2585-2586-2587-2588-2589-2590-2591-2592-2593-2594-2595-2596-2597-2598-2599-2600-2601-2602-2603-2604-2605-2606-2607-2608-2609-2610-2611-2612-2613-2614-2615-2616-2617-2618-2619-2620-2621-2622-2623-2624-2625-2626-2627-2628-2629-2630-2631-2632-2633-2634-2635-2636-2637-2638-

# MILITARY NOT TO ASSIST IN EVADER RAIDS

With the assistance of the war service police, a force of nearly 200 citizens which was recently appointed by Commissioner F. F. Jackson as an adjunct to the regular department, future "slacker raids" will be conducted, Captain Thorvald Brown of the neutrality bureau, said today. Any raids will be under the direct supervision of agents of the department of justice. From now on no soldiers or sailors will be used as they were on recent round-ups, the officials at Washington disapproving of the method.

But with the aid of the citizen police the authorities will go ahead and work quietly seeking out men here and there who have failed to place their names on the rolls of Uncle Sam's new and greatest potential army.

Just when the round-up will start has not been made known, as the records of yesterday's registration have not been compiled and probably will not be in shape for perusal for several days. A careful

# Roll of Honor

The following casualties are reported by the commanding general of the American expeditionary force:

Killed in action	70
Missing in action	41
Wounded severely	173
Died of disease	3
Wounded, degree undetermined	36
Died from accident and other causes	13
Prisoners	9
Total	350

**KILLED IN ACTION.**

KEIZER, Phil J., Captain, San Antonio, Texas.  
DUDDY, Michael E., Lieutenant, Platts, Pa.  
BLUM, Herbert C., Sergeant, Chicago, Ill.  
WHITE, Willie H., Richmond, Va.  
HUBERT, George T., Lockport, N. Y.  
TORNE, Ernest, Corporal, Lake View, Me.  
FOSTER, Clifton B., Sapulpa, Okla.  
GODFREY, Harry, New York, N. Y.  
HAMMON, Emanuel J., Springfield, Ill.  
HOLLAND, John Francis, Boston, Mass.  
HOPKINS, Edward W., Atty, Me.  
SCHALL, John E., Wilkes-Barre, Pa.  
WHEELER, Connie D., Cresco, N. C.

# 70 TRIBUNE MEN AMONG REGISTRANTS

The draft registration yesterday claimed seventy men between the ages of 18 and 45, employed in The Tribune building. The president and publisher was among the first to place his name to the man power roll of the nation, coming by several months within the maximum age which was declared by Congress. The mechanical department gave the highest number of draft registrants, totaling fifteen, the editorial department coming second with fourteen registrants.

The roster of THE TRIBUNE men who registered yesterday includes:

Joseph R. Knowland, president and publisher.  
Editorial-Fredrick Faulkner, editorial writer; Leo S. Levy, assistant managing editor; E. O. Kelsey, city editor; A. R. Schuster, news editor; Roy Harrison, business editor; John G. Gavin, Hal Layton, E. A. Rogers, Ed. S. H. Sullivan, J. N. Swan, W. D. Hoffman, A. Simon.  
Purchasing Department-William R. Hallack.  
Accounting Department-V. D. Stuart, assistant secretary; E. E. Montague, J. W. Featherstone, J. A. Augustus.  
Advertising Department-Fred L. Hall, manager; J. J. Bayard, Robert G. Breese, Clifford Leitch, Louis Lesner.  
Automobile Department-Edmund Crinnon, automobile editor.  
Classified Advertising-M. J. A. Doerfer, Frank Benjamin, Goodland, Kan.  
DUNCAN, John, Terre Haute, Ind.  
GORDON, Theophilus J., Sackatchewan, Can.  
HARRIS, Charles F., Hoboken, N. J.  
JOHNSON, Clarence T., Nampa, Idaho.  
KLUCKA, Andrew, Poland.  
DIED OF WOUNDS RECEIVED IN ACTION.

# HUNTINGTON TO PASS UPON LABOR DRAFT

Howard E. Huntington, son of Henry E. Huntington, millionaire railwayman, and until recently general manager of the Los Angeles railway, will be Oakland's arbiter in the relation of shipyard labor and the draft. Today it was announced that this important federal law to place them where they can be of greatest benefit to the government.

Huntington, who was interested with his father in the electrical railways that developed Southern California, is well known in Oakland. He was married several years ago to Miss Leslie Green of Berkeley and has visited here on several occasions. The Huntingtons will make their home in the former residence of Mark Requa in Piedmont, vacated when Requa went to Washington to become federal oil administrator. Huntington is the stepson of Mrs. Collis P. Huntington, the Central Pacific to California. Mrs. John Brockway Metcalf of Berkeley is his sister.

Huntington has not yet announced his policies in handling his new office, but is expected to hold conferences with shipbuilders, labor leaders and employment experts under the government with a view to surveying the entire labor situation before making any definite statement.

# Berkeley Man First Lieutenant Twelve Insist on Joining Army

CAMP LEWIS, Wash., Sept. 13.—Second Lieutenant Harold E. Malum, of Berkeley, Cal., has been advanced to first lieutenant, and Major Henry C. Smith, of Prineville, Ore., adjutant of the 16th Depot Brigade, has been transferred to the adjutant-general's department at Camp Kearny, according to orders announced here today. Sergeant Chas. Franklin Lambert, of Willows, Cal., has been given a commission as a second lieutenant in the quartermaster corps.

Most unusual cases of induction into service since the camp was established, according to receiving officers, occurred here this afternoon, when 12 men, 11 of whom are below 21 years of age or more than 31, arrived from Caspar, Natoma county, Wyoming. They were in charge of W. L. Lanning and had no papers of induction, but said they had been sent here by the local board on orders of the adjutant-general of the State. Telegrams and letters in their possession substantiated their statement. But one of the men has ever registered, the other eleven being eligible for registration today.

**SEVEN UNDER AGE.**

Seven of the twelve were between 19 and 21 years of age, the first national army men below 21 who have reported here for duty. They gave as a reason for their coming that they were anxious to serve and, volunteering being closed, they had persuaded the board to send them, although they had not been called nor are they yet eligible for service.

The men were received and assigned to the 16th depot brigade. A full statement of the circumstances was telegraphed to the provost marshal-general this afternoon with the suggestion that formal induction papers be prepared for the men and they be permitted to remain here in service.

Seven American non-commissioned officers who have been in France arrived here this afternoon and will be attached to the First Infantry. There are now forty-three returned non-commissioned officers from the United States here as instructors.

# BERKELEY MAN IS KILLED IN ACTION

To the list of Eastbay men who have fallen on the battlefields of France are added the names of Private John Gzenego of West Berkeley, killed in action. Harold Weeks, former major of cadets at the Oakland Technical High School, gassed and injured during a charge, and Private Henry Antony, 65, Twentieth street, Richmond, wounded severely.

Word of Gzenego's death was received yesterday by Gelia Eckhardt, 1229 Ashby avenue, Berkeley, in a letter from his nephew, Private Henry Eckhardt. Gzenego was the son of the late John Gzenego, 1028 University avenue, Berkeley.

Harold Weeks, who is a son of Mrs. W. H. Weeks, 79 Bay Vista avenue, is in a hospital at Blois, suffering from injuries received in a fall into a shell hole during a charge of his regiment at Chateau Thierry and from the effects of a German gas attack, according to a letter received from him yesterday. His parents had begun to fear for his safety, as they had not heard from him in two months. He was called into the service last November and left Camp Lewis shortly thereafter for France.

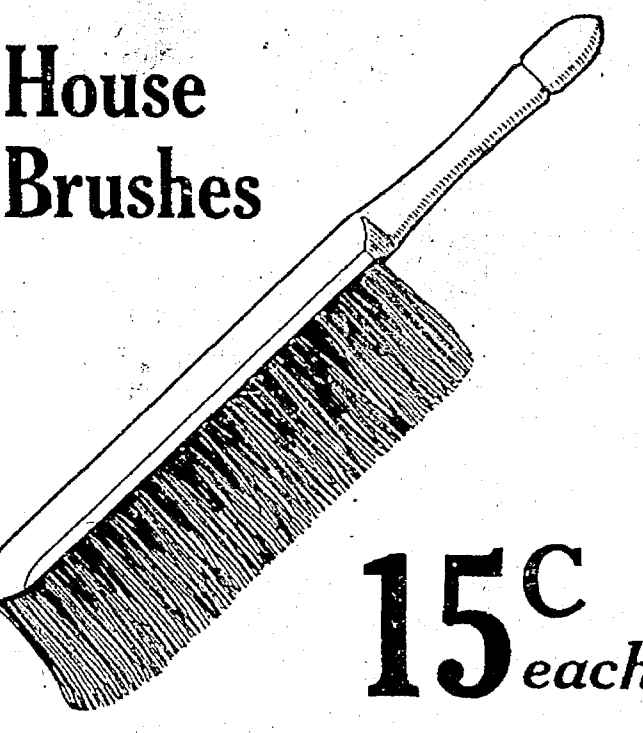

Other Californians whose names are in the lists are: Died of wounds received in action, Peter Stoffel, Anaheim; died from accident and other causes, Robert C. Rice, Azusa; wounded severely, Eugene McCalliffe, 217 Eleventh street, San Francisco; Emilio Monter, Santa Monica.

# San Leandro's Red Cross Day Changed

SAN LEANDRO, Sept. 13.—The Red Cross market day which was to have been held on the city plaza tomorrow, has been postponed until Saturday, September 21. It will be held then, rain or fair. In the event of rain the booths will be set up in a hall.

# New Duds for Al and I—Right Away, Too!

"What the deuce is the use of waiting till fall is half over and coming in on the ragged edge of the season, when you can just as well buy your suit NOW and have full enjoyment from it. It's mighty easy, if you go up to Cherry's. And you don't have to skimp on your wardrobe, either. In fact, it's the greatest boon I've ever heard of for folks who want to stretch their salaries as far as possible. You select what looks good to you, pay a small deposit, and then wear the clothes while you pay the balance off a little each week. Al and I are going up to Cherry's. Do you want to come along? They have two stores here—a men's store at 528 13th, and a shop for women at 515 13th."—Advertisement.
